

Shaker Place Rehabilitation and Nursing Center

Medical Staff

Whenever you are admitted to a skilled nursing facility, you must be under the care of a physician. The Resident has the right to choose his or her own physician, however, many community physicians will not provide services to Residents of skilled nursing facilities. Additionally, as with any health care facility, Shaker Place Rehabilitation and Nursing Center requires that physicians who service our Residents apply for staff privileges and undergo a review of their credentials. If your personal physician is willing to service you while you are at Shaker Place Rehabilitation and Nursing Center, please contact the Quality Assurance Coordinator who will contact your physician and insure he or she makes proper application to our staff.

If your personal physician will not provide service to you during your stay, or if you do not have a personal physician, a physician will be assigned to you by our staff. Below is a listing of the Facility's attending physician staff:

Dr. Roberta Donin
Dr. Patrick Caulfield
Dr. Roman Koldayev
Dr. Parvez Jafri

Your unit Nurse Manager can provide you with contact information for your physician. Should you for any reason wish to speak with your physician, your unit Nurse Manager can assist you with making those arrangements.

If, for any reason, you are dissatisfied with our medical staff, please contact our Medical Director with your concerns. That contact information is:

Vanessa Denning, M.D., Medical Director, 518.213.8700 Extension 8924

Last Reviewed: September 2022
