

Welcome to Shaker Place Rehabilitation and Nursing Center

Our \$80 Million Renovation is Complete

Shaker Place consistently receives high CMS quality of care star ratings, truly setting the standard in comfort and excellence with our renewed commitment to safety, innovation, and compassion. We provide comprehensive care and exceptional services in an environment you can't find at any other local facility.

REHABILITATION & NURSING CENTER

Our staff makes the admissions process easy. We assist with all paperwork including Medicaid applications and Medicare assistance, and everything can be completed virtually, right from your home.

REHABILITATION & NURSING CENTER

A Safe and Spacious
Environment You Won't Find
Anywhere Else

Three Brand-New Room Options

We offer three spacious room options: private room with a private bath, private room with a shared bath, and double room with a shared bath. Each resident has their own private window, and all rooms are fully renovated with new furnishings including a flat screen television and free cable.

You'll Love the Shaker Place Lifestyle

Daily activities and entertainment, arts & crafts studio, game room, iPads and free Wi-Fi, resident outings, full-service salon and barber shop, and an onsite bank for residents and their families.

Rehabilitative Therapy

Our brand-new rehabilitative therapy room offers four specialized therapy services for long-term or short-term care: Physical Therapies, Occupational Therapies, Speech Therapies and Respiratory Therapies. You'll find advanced therapy equipment geared toward your specialized needs and we even offer a separate wing for short-term rehabilitation residents with separate dining and indoor/outdoor common areas.

Memory Care

We also offer a 24-hour supervised memory care wing, dedicated dining area, and a secure enclosed courtyard for residents with dementia. This allows for maximum freedom and independence in a safe, controlled environment.

Bright, Airy Common Areas

Shaker Place provides a safe and spacious environment you won't find anywhere else. We have 22 living areas with televisions and fireplaces, eight country kitchens adjacent to our contemporary dining rooms, and seven secure courtyards.

Skilled Nursing & Long-Term Care

Shaker Place offers the same advanced medical resources you would find in a hospital, but in a comfortable, home-like setting. Our dedicated staff provides care for residents who can no longer be cared for at home, or in an assisted living facility. Short-term respite stays are also available to give at-home caregivers a well-deserved break.
